E-GOVERNANCE SERVICES

ISG heralding Digital India - ISG has extended its support in Digital India initiative by leveraging technological advance solution for Government initiatives.

CONSUMER CONNECT & E-LOKAYUKTA

Consumer connect powered by ISGpay is an integrated platform for providing e-filing and e-payments to the consumer. A Digital India initiative, Consumer Connect aims to eliminate confusion and operational bottlenecks faced by the consumer during the filing and payment process.

A dedicated online portal will help you to file the consumer case and make court fee payments online anytime and anywhere. An in-built template with user friendly guide helps you to file and track cases easily. A consumer can store, access, and view all the details related to his case by logging into the portal.

LIBRARY & DISPATCH MANAGEMENT

E-Library Management & Dispatch management for internal communication is a solution that facilitates uploading and tracking the movement of files and compliant papers of building proposals. These documents will be plugged onto the platform to provide an end to end solution for the procedures of MCGM Building Proposal.

ISG has designed a holistic solution to ease the operational complexities for the current working of the internal staff of MCGM that replaces the manual maintenance of files and papers. The system also supports access control as per the requirements to ensure utmost security.
